RubyConf Egypt 2017

- Be the first in the region
- Discover talents and unleash potentials
- Get more women involved in the tech community

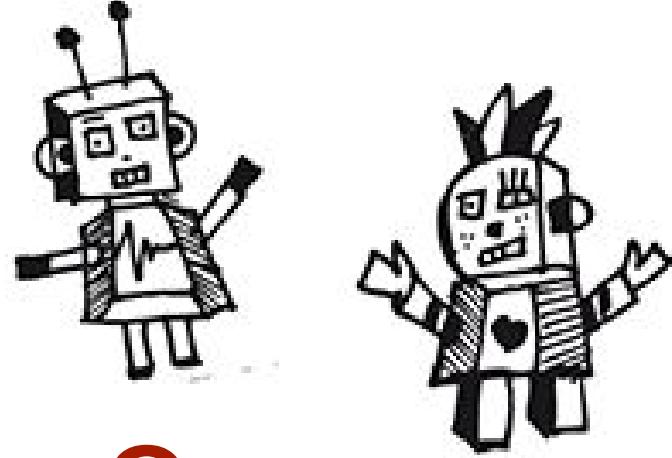

A presentation slide for RubyConf Egypt 2017. The title "RubyConf Egypt 2017" is at the top in a large, light blue font. Below it is a bulleted list of three items: "Be the first in the region", "Discover talents and unleash potentials", and "Get more women involved in the tech community". In the bottom right corner of the slide, there is a small red pixelated heart icon. The background of the slide is white, and the overall design is clean and modern.
